AUGUSTA, GEORGIA.

P. J. BERCKMANS COMPANY,
(Incorporated.)

Long Distance Telephone in our Office, connecting with New York, Chicago and intermediate points.
Cable address: BERCKMANS, Augusta, Ga., U. S. A.

TO OUR CUSTOMERS.

WE would say to those unacquainted with us that these Nurseries were established in 1857, and since that time have been under the same management. We have over 360 acres in nursery stock, 40 acres in test grounds and trial orchards; and over 60,000 feet under glass. The stock of trees and plants offered in this list is in most thrifty condition and first class in every respect. We do not grow cheap or low grade trees and plants. It is our aim to send out nothing but the best, both in quality and variety. We invite a personal inspection of our stock. Our nurseries are located on the Washington Road, one and a half miles from terminus of Lake View Trolley Line. Our shipping facilities are first class, Augusta being the terminal point of six lines of railroads, and a line of steamers upon the Savannah River.

We have no connection whatever with any other nursery, neither do we employ agents; all our dealings are made direct with the purchaser.

CATALOGUES.

The following Catalogues will be mailed free on application :

No. 1—DESCRIPTIVE CATALOGUE of Fruit Trees, Grape Vines, Strawberry Plants, Evergreens, Roses, Flowering Shrubs, etc., issued in August.

No. 2—SPRING CATALOGUE of Bedding and Greenhouse Plants, etc., issued in February.

No. 3—WHOLESALE CATALOGUE for nurserymen and dealers only, issued in July.

List of specialties issued in Spring and Summer.

Address,

P. J. BERCKMANS COMPANY, Augusta, Ga.

Cable and Telegraphic Address : "Berckmans, Augusta, Ga."

RICHARDS & SHAVER PRINTERS, AUGUSTA, GA.

TERMS OF SALE.

1. The articles enumerated in this list will be supplied at the prices quoted, only when the quantity specified is ordered, and at one time. Five will be priced at 10 rates; 40 at 100 rates; 400 at 1000 rates.

2. *In no case will long lists of selected varieties be supplied, two or three of either Fruit or Ornamental Trees or Plants, etc., to Nurserymen or Dealers at wholesale rates*, but a discount of 25 per cent. from retail single prices is allowed on such lists.

3. **WHEN ORDERING** please give plain and explicit directions as to route and manner in which goods are to be forwarded. Give name of Express Office or Railroad which you prefer. When routing is left to our judgment we will select the best route, but in *no case* will we assume any responsibility for safe delivery of goods after proper shipment by us. All goods travel at purchaser's risk. **CLAIMS** for delay or loss must be made to the forwarders.

4. **ORDER EARLY.** We usually begin to ship fruit trees and other open ground stock first of November. **Pot Grown Plants** can be shipped at any time of the year.

5. **PACKING**, boxes 8 to 10 feet long, 30 by 30 inches, $2.50; 8 by 2 feet, $2.00; 8 feet by 16 inches, $1.75. Other sizes in proportion. **BALES**, 25c to $1.00, according to size.

6. **TERMS OF PAYMENT.** Cash with order or satisfactory reference before shipment; or if preferred will ship goods with Bill of Lading attached to Sight Draft, through Express or Bank. On all C. O. D. orders we require 25 per cent. of the bill remitted before shipment.

7. **OUR RESPONSIBILITY** extends only to persons purchasing direct from us. **DEALERS** purchasing from us, sell upon their own responsibility.

While we exercise the greatest care to have all our Trees and Plants true to name, well grown, and packed in the best possible manner, and hold ourselves in readiness, on proper proof, to replace all Trees or Plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed to beween the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said Trees or Plants that prove untrue.

8. **NOTICE.**—All orders are accepted upon condition that should stock be injured by frost or other casualties before the season of delivery, they are to be void.

9. **CLAIMS.**—All claims for errors must be made upon receipt of goods. Should any error occur at any time we desire to be informed at once, in order to rectify the same without delay.

Fruit Department.

This List Abrogates all Previous Quotations.

Prices are net, and subject to no discount, and all trees and plants are offered subject to being unsold on receipt of order. We also reserve the right to advance prices without notice.

EVERBEARING PEACH.

Price of trees, 3 1-2 to 5 feet, $1.50 per 10, $10 per 100.

This is one of the most remarkable of Peaches, as it combines many desirable qualities which make it of great value for family use.

*1. **Its long continued bearing period.*** The first ripening begins about July 1, and successive crops are produced until the beginning of September. Fruit in all stages of development—ripe and half-grown—may be seen upon the tree at the same time.

*2. **As the tree blossoms during a long period,*** a complete failure of fruit has happened but once, owing to buds being killed by the February freeze, since the original tree first began to bear 10 years ago.

*3. **The fruit is creamy white,*** mottled and striped with light purple and with pink veins; oblong in shape, and tapering to the apex; flesh white, with red veins near the skin; very juicy, vinous, and of excellent flavor; ***quality very good to best.*** Freestone of the Indian type.

The first ripening averages 3½ inches long by 3 inches broad. The size of the fruit of the second and following crops diminishes gradually, until that of the last ripening is about 2 inches in diameter. A supply of fruit may, therefore, be secured from the same tree for nearly three months in succession.

We do not recommend the Everbearing Peach for commercial orchards, but for ***family use or small gardens,*** where there is room for only a few trees, its value is unquestionable. We offer it with confidence, as we knew the original tree for several years, and gathered the fruit in its various stages of development from it.

Two year old trees in our test orchard produced a fair crop of fruit during July and August, 1898. The quality being pronounced as unusually good by the Assistant Pomologist of the U. S. Department of Agriculture who saw the fruit here.

At this date, (July 10th, 1900,) we have 25 trees of the Everbearing Peach in our Test Orchard, well set with fruit of various sizes. ***This peach is here to stay.*** *There is money in this tree for those who are wide-awake.* ***Colored plates furnished at $2.00 per 100, 50 at $1.50.*** *No orders filled for less quantity.* Many trees sent out by us in 1897 fruited in several localities south, and numerous letters received testify to its great value.

CAUTION.—*Be sure you purchase the genuine variety, as there are parties offering trees under the name of "Everbearing" that are spurious.*

Magnolia Fuscata (*Banana Shrub*)—A most desirable evergreen shrub; hardy South, but for conservatories North. The brownish yellow flowers which appear in early spring emit a delightful banana fragrance, which makes this plant very popular. Few plants are of as ready sale.	8—10 12 15—18	1 50 1 75 2 00	12 00 15 00 17 50
Olea Fragrans (*Tea or Sweet Olive*)—One of the most desirable flowering shrubs of Southern gardens. The white flowers, although small, are produced in clusters, and emit the most pleasing fragrance. It is well said that "each individual bloom has more sweetness than the most fragrant Lily." As a conservatory shrub for Northern florists it will be found invaluable and of ready sale. The blooming period begins in the fall and lasts for several months. It is of easy culture and especially desirable as a window plant. We offer the largest stock in the United States. *Special quotations for lots of 1,000 and upwards.*	8—10 12—15	1 25 1 75	10 00 15 00

Citrus Fruits.

Oranges, Lemons, Limes, Pomelos.

All of our Citrus Fruits are budded upon Citrus Trifoliata, this stock being particularly desirable for the coldest regions of the Orange Belt. Many experienced orange growers state that the Trifoliata Stock does not materially dwarf the tree when set in open ground; that the trees have a tendency to branch near the ground, thus making beautiful low-headed trees; that it increases the productiveness and also advances the time of bearing; and can resist a lower degree of cold than when budded upon the Sour Stock.

These plants are also most desirable for greenhouse and conservatory cultivation. Our plants this year are extra fine; the best we have ever grown, stocky and well branched. The trees fruit when two years old. We can cheerfully recommend these plants. All are with *trained heads.* We grow 20 of the best and most distinct varieties, such as ***De Colmar, Du Roi Blood, Homosassa, Jaffa, Jaffa Blood, Magnum Bonum, Majorca, Maltese Blood, Mandarin, Mediterranean Sweet, Navel*** or ***Pernambuco, Nonpariel, Sanguinea Sweet, Sour Seville, Sustain, Satsuma*** or ***Oonshiu, Amory's Satsuma, Dancy's Tangerine, Phelp's Tangerine, Cleopatra*** or ***Spice Tangerine.***

ORANGES.

CANNAS.

We offer an immense stock of dormant roots for Fall Delivery, of the following selected varieties:

		Per 10	Per 100
Africa,	**Italia*,		
**Alsaca*,	*J. C. Vaughan*,		
**Ami Pichon*,	**Jacksonii*,		
**Alba Rosea*,	*LaFrance*,		
Austria,	**Md. Crozy*,		
**Alphonse Bouvier*,	**Md. Montefiore*,		
Admiral Avellon,	**Maurice Mussy*,		
America,	**Mr. Laforcade*,		
**Allemania*,	*Philadelphia*,		
**Beauté Pointevine*,	**Pres. Cleveland*,		
**Bassetts Red*,	*Partenope*,	$ 50	$ 3 00
**Chas. Henderson*,	*Pluto*,		
**Christophe Viard*,	*Paul Lorentz*,		
**Explorateur Crampbel*,	**P. J. Berckmans*,		
	**Paul de St. Grevy*,		
Ehemanti,	**Paul Bruant*,		
Edward Meig,	**Queen Charlotte*,		
**Florence Vaughan*.	*Rose Unique*.		
**Fuerst Bismark*,	*Roi des Rouges*,		
Francois Billard,	*Sam Trelease*,		
**Franz Buchner*,	*Sunray*,		
**Golden Star*,	*Zebrina*,		

Nearly all are of dwarf growth. These varieties have given us the best results. We have tested hundreds of sorts. In dividing the roots we do this in a liberal manner.

FOR FALL DELIVERY we will supply *1,000* Cannas, our selection, from the varieties marked with an asterisk (*) for *$15.00* but giving the purchaser his choice as far as practicable.

Our facilities for growing Cannas in immense quantities are *unsurpassed.* We are prepared to make contracts for growing them in very *large quantities.* Write us for particulars.

Roses.

SECTION I.—ROSES ON OWN ROOTS.

PRICES—Purchaser's Selection of Varieties, $1.50 Per 10; $10 Per 100, unless otherwise noted.

(NOTE.—Owing to the severe freeze in February, just as Hybrid Perpetuals were starting in growth, we lost an immense quantity of cuttings; therefore we do not offer any Hybrid Perpetuals in this list. Our Teas and other varieties, both Budded and on Own Roots, are of exceptional value.)

TEAS.

Bridesmaid,	*Mme. Camille*,
Christine de Noue,	*Mme. Dubrocca*,
Comtesse de Breteuil,	*Mme. F. Kruger*,

Solfaterre,	*Yellow Rambler*.

SPRING-BLOOMING CLIMBERS.

$1.00 per 10, $7.00 per 100, $60.00 per 1,000.

Baltimore Belle,
Gem of the Prairies,
Mandas' Triumph,
Pink Roamer,
Prairie Queen,
South Orange Perfection,
Universal Favorite.

POLYANTHA.

$1.50 per 10, $7.00 per 100.

Cecile Brunner,
Clothilde Soupert,
Marie Favie,
Mignonette,
Perle d'Or.

CHINA.

Mme. Carl,
Nemesis.

MOSS.

Eugene de Savoie,
Precoce,
Zobeide.

WICHURIANA OR MEMORIAL ROSE,

$5.00 per 100; $35.00 per 1000.

New Climbing Rose Clothilde Soupert.

A climbing form of Clothilde Soupert. Similar in color and size. This originated with us 4 years ago and after a thorough trial we can cheerfully recommend it as a most desirable addition to list of climbing roses. It blooms best on old wood. After the first year it is a perpetual and profuse bloomer.

Strong field grown plants, *$2.00 per 10;$15.00 per 100.*

SECTION II.

ROSES BUDDED UPON MANETTI STOCKS.

All the plants which we offer are budded low.

PRICES—$2.00 per 10; $15 per 100. Our selection of varieties, but giving the purchaser his choice as far as practicable, but in no case in excess of any variety.

HYBRID PERPETUAL.

Greenhouse Department.

THIS Covers an area of over 60,000 square feet of glass. All our plant houses are constructed upon the latest improved plans, and are supplied with every appliance tending to economy in labor and growing an immense stock of healthy products. We devote all our space to PLANT GROWING SOLELY, AND DO NOT HANDLE CUT FLOWERS. Florists will find the quality of our stock of highest standard.

Conditions of Sale—The plants named are offered at the rates quoted, provided that not less than ***5 are taken at 10, and 50 at 100*** rates, and the aggregate amount of the order is not less than $5.00. Cash with order, or C. O. D. by express.

N. B.—Unless noted plants are from 2 1-2 and 3-inch pots. No charge for packing, if plants are ordered separately from either the Fruit or Ornamental Departments.

PALMS AT FRUITLAND.

PALMS.

We have upwards of 100,000 Palms in various sizes. Plants are very healthy, clean, well grown, and *not forced* under high temperature, but *well hardened.* We measure all plants from the *top of the pot to the top of the plant in its natural bend.*

PARTIAL VIEW OF GREENHOUSES AT FRUITLAND.

Georgia State Board of Entomology,

ATLANTA, GA.

OFFICIAL CERTIFICATE. No. 1.

To Whom it May Concern:

THIS IS TO CERTIFY That, in accordance with an Act of Assembly approved December 20, 1898, I have, on the 13th and 14th days of July 1900, made an inspection of the Nurseries of P. J. Berckmans Co., at Augusta, Ga., and that I have found the stock in these Nurseries apparently free from the San Jose Scale and all other insects and diseases of a seriously injurious nature. Fumigation and other precautionary measures are adopted on these premises.

This Certificate is to cover only stock grown in the above named Nurseries, and becomes invalid twelve months from date.

W. M. Scott

State Entomologist.
